Sake

Fukunishiki (8cl) 10

This sake is brewed with the most reputed rice variety: Yamada Nishiki. Sake with this rice is soft, creamy, and accessible. An ideal sake to start with, but also versatile in countless elegant dishes.

IWA 5 (8cl) 25

IWA 5 is a new Japanese sake from former Chef de Cave at Dom Pérignon, Richard Geoffroy. The result of Richard's deep respect for traditional Japanese sake and his affinity for innovation, IWA 5 embraces the distinctive qualities of traditional sake while expanding its character. Invoking the motif of '5' – the universal number of balance and harmony – IWA 5 showcases Geoffroy's masterful blending, orchestrating three different rice varieties and five classes of yeast to create unparalleled synergy and character.

Shuho (8cl) 11

An atypical sake because the softness and roundness do not emerge here, but the sleek and dry character instead is highlighted. Straight-lined, sharp, and mineral, but lively. Ideal with oysters or salty fish dishes.

Sui Umeshi (8cl) 11

Sake with ume (Japanese plums). The ume are macerated in sake for six months to give it softness. In addition, twice as much ume is used as in industrial sake, which ensures a pure but intense taste, with sour-sweet flavours.

Azuma Rikishi (8cl) 10

The Japanese limoncello. The typical yuzu citrus fruit is characterized by a fantastic fresh aroma and a little bit of bitterness. This sake is sweetened with honey from own production, instead of the cane sugar used by most producers, and this provides a beautiful drinking experience. Fresh but light, everything you expect from an ideal digestif.
